This summer at the library we're taking time to be curious. We'll be exploring our community, noticing the world around us, wondering and imagining, asking questions, sharing stories and making connections.

Stop by to relax, have a chat, recommend a book, or ask questions. We'd love to see you!

## SUMMER READING PROGRAM

Discover mysterious, bizarre, and intriguing stories gathered from near and far and from our imaginations. Check in with us as often as you like over the summer to track your reading, find new stories, and claim prizes. Talk to a librarian to register and get your reading tracker. For all ages. Grown ups too! Begins July 4.

## THANK YOU

Thank you to the Library Local Advisory Committee and Friends of the Carberry Library volunteers for all their hard work and support. Margaret Tolton for supplying and caring for the lovely geraniums in our planters. The Carberry & Area Foundation for our new bike rack and the water bottle filling station that is coming soon. Harold & Debbie Tolton for the beautiful perennials that will soon appear in our front flower bed and the volunteers of Mrs. Dyck's Carberry Collegiate classes for their hard work planting and preparing that flower bed. We are so appreciative of all the support we receive from our community.

## ARE YOU EXCITED ABOUT THE LIBRARY?

**Friends of the Carberry Library** is a group of potential volunteers. If you'd be willing to help out sometimes with book sales, cookies for teas, setting up events, reading stories, or anything else we might have going on, send an email to [friendsofcarberrylibrary@gmail.com](mailto:friendsofcarberrylibrary@gmail.com). We'll add your name to our list and keep you posted about volunteer opportunities.

Check out our community seed library, a collection of seeds for the whole community. Take what you need, share what you have and connect with other gardeners in our community. Generously supported by the Carberry and Area Foundation.
